COTTON.

New York.

Cotton futures opened barely steady, December 20.42; January 19.62; March 19.73; May 19.42; July 19.07.

The cotton market was more active in today's early trading. The opening was barely steady at a decline of 8 to 13 points on all months except October, which was one point higher. Selling was prompted by relatively easy Liverpool cables and there appeared to be more hedge selling by the South but offerings were absorbed on covering or trade buying on a scale down and the market was steady at the end of the first hour. January holding around 19.62, or within 11 points of yesterday's closing quotation.

The volume of business tapered off later in the morning and the market was quiet at midday with January

around 19.62, or about 10 to 20 points net lower in the general list.

New Orleans.

New Orleans, Nov. 20.—Cotton futures opened steady. December 19.67; January 19.50; March 19.20; May 19.00; July 19.07.

The cotton market had an easier opening partly due to the lower cables and also to another large crop estimate of 15,700,000 bales. First trades showed losses of 8 to 15 points and the market eased off further right after the call, December dropping to 19.67, January to 19.47, and March to 19.17. The early selling was mainly due to the pre-bureau liquidation based on the growing impression that the government will again increase the estimate in the report tomorrow.

The market eased off gradually during most of the morning on eleventh hour liquidation of long commitments in advance of the government report tomorrow. December traded down to 19.65, January to 19.44 and March to 19.12.

GRAIN.

Chicago.

Chicago, Nov. 20.—(AP)—With a big trade in progress today wheat scored an early fresh advance despite heavy selling to realize profits. Indications of large European buying overnight together with continued unfavorable crop reports from Argentina gave impetus to the upward trend of the market. The opening unchanged to 1 1/2c higher, new style, December 1.60 to 1.60 5/8 and May 1.55 1/2 to 1.57, was followed by sales all around, December touching 1.60 3/4.

Fine weather made the corn mar-

ket easy compared with wheat. After opening 1 1/2c decline to an equal gain, December 75 1/4 to 75 3/8, corn underwent a slight general sag.

Oats sympathized with wheat, starting 1 1/8 to 1 1/4 up, December 39 5/8 and later holding near to the initial range.

Provisions were firm reflecting persistent falling off in the volume of hog arrivals in Chicago.

STOCKS-BONDS.

New York.

New York, Nov. 20.—(AP)—Stock prices displayed a firm tone at the opening of today's market. Retention of the 3 1/2 per cent re-discount rate by the New York Federal Reserve Bank and the speech of President Coolidge in New York last night declaring that the government was committed to the task of permitting business to expand, had a favorable

effect on speculative sentiment, which did not appear disturbed by the raising of the Philadelphia Reserve Bank re-discount rate. Opening gains of 1 to 3 points were registered by Chrysler Motors, U. S. Industrial Alcohol, General Electric and "Nickel Plate," the last named touching a new record high.

Buying orders appeared in large volume with the demand centering largely in the rails and high priced industrial specialties. New peak prices were established in the first few minutes of trading by Erie Common, Pere Marquette, Pennsylvania, Baltimore and Ohio, Norfolk and Western, Calumet and Arizona and International Nickel. Chrysler extended its gain to six points, Remington Typewriter, Mack Truck, American Can and Commercial Solvents A sold 3 to 4 points higher, and Frisco Common, U. S. Realty, Hudson Motors, United Drug and Woolworth were among the many issues to advance 2 or more points before the end of the first half hour. St. Paul issues were in brisk demand, the first sale of the common being a block of 10,000 shares at 10 1/2, up 1 1/2. Chesapeake and Ohio was heavy in profit-taking. Foreign exchanges opened firm, demand sterling, improving slightly to 4.84 1/2-16 and French francs moving up 4 points to around 4.00.

INDEPENDENCE BETWEEN
GOVERNMENT AND BUSINESS
ADVOCATED BY COOLIDGE

Washington, Nov. 20—(AP)—President and Mrs. Coolidge returned to the capital shortly after 7 o'clock this morning from their 24-hour trip to New York where Mr. Coolidge last night addressed the chamber of commerce of the state. They went to the White House from the station.

Legitimate business has the assurance of the President that his administration will not interfere with its activities as long as they are unhampered and free.

In his address last night the executive advocated the largest possible

independence between government and business and emphasized that the "whole policy of the government in its system of opposition to monopoly and its perpetuation of transportation and trade has been animated by a desire to have business remain business."

"The present generation of business," he added, "almost universally throughout its responsible organization and management has shown every disposition to correct its own abuses with as little intervention of the government as possible."

"Federal regulation and control are disagreeable and expensive. They represent the suffering that the just must endure because of the unjust. They are a part of the price which must be paid to promote the cause of economic justice."

LIONS PRACTICE DAILY
IN HOPE OF GAME SOON

In spite of the fact that Vernon still has no game matched for Thanksgiving Day, the Vernon Lions are practicing daily, and are going through their work-outs with as much enthusiasm as has been shown this season.

School officials here are trying to match a game with Plainview to be played in Vernon Thanksgiving Day, but the plains city still contends that there is a chance for it to be reinstated in the interscholastic league race, and will make no arrangements for other games.

Tidal Wave Destroys Post.

New York, Nov. 20—(AP)—Messengers received in Mexico City last night from the state of Guerrero were that a tidal wave from the Pacific ocean had destroyed the port of Zihuatanejo, and that while no details were obtained the indications were that there was a heavy list of casualties. Zihuatanejo is a port on the Pacific coast, 125 miles west of Acapulco with an extremely small population, therefore it is thought that unless there was some unusual gathering of people in the hamlet, casualties from a tidal wave could not have been very large in number.

Community Box Supper.

A box supper will be held at the Northside Community Church in North Vernon Thanksgiving night, Thursday, November 26.

OIL FIELD BRIEFS

The Barkley and Meadows No. 5 Stephens, located in section 33, block 14, is flowing at the rate of 500 barrels daily after picking up the pay Wednesday at 2322 feet. The well has about fifty feet of sandy lime. The company's No. 2 Bond-Hawkins-Williams is reported to have a 2020 flow of water from a sand at 2620 feet. Drilling is to be continued. This hole is located in section 100, block 4.

The Atlantic Oil Producing company's Sigler-Wagoner is making about 100 barrels a day on the pump. The well is located in the old Sigler area in section 51, block 2, and is producing from a sandy lime picked up at 2454 feet.

J. E. Burden of the Burden-Sheldon oil company of Tampico, Mexico, is in Vernon on business and announced that he may enter local operations. He is a brother of O. E. Burden of the Texas Pipe Line company of Vernon.

TEXAS TAX CLUBS SPONSOR
STATEWIDE CONFERENCE

Austin, Texas, Nov. 20—(AP)—To voice the protest of Texas against the federal inheritance tax and continued inroads that Texans declare congress is making in the province of states taxpayers, democrats and legislators have been summoned here to a statewide conference to be held in the senate chamber of the state house Monday, November 23.

The call for a state meeting originally sounded by the Texas Tax Clubs through George H. Colvin of Fort Worth, state chairman, has drawn the support of Governor Miriam A. Ferguson, Lieutenant Governor Barry Miller, Speaker of the House Lee Satterwhite, legislators and officials of the democratic party.

FORMER VERNON CITIZENS
PLEASED WITH DEVELOPMENTS

Mr. and Mrs. Harden Thurmond, of Oklahoma City, and former Vernon citizens, returned home yesterday after a short visit with friends and relatives here. Mr. Thurmond is a brother of Mrs. J. E. Lutz and is contemplating locating here.

This is his first visit here in nine years and he states that he did not know the place since it was grown into a small city. He was more than favorably impressed with the oil field and states that he believes it to be even better than some of the Oklahoma fields in which he has been interested.

NEW ELECTRIC LIGHT
POLES TO BE INSTALLED

Three new electric light poles have been received by the city and will be placed at the intersection of Cumberland and Violet streets, Fannin and Pease and at the end of the pavement on Texas street, according to Chief of Police W. W. Gilbert.

PROFESSIONAL FOOTBALL
OFFERS GRANGE BIG MONEY

Columbus, Ohio, Nov. 20—(AP)—Ed Grange will receive from \$10,000 to \$20,000 a game if he decides to play professional football starting Thanksgiving day, it was announced today by Clyde Tuttle, treasurer of the Columbus Tackle, a member of the National Professional Football League.

Dear Key:
I'm not worried about my No one girl or the one I thought was won. As long as she's running 'round with another fellow in a different car to my Willys-Knight, she will soon wind up with him and it won't last. I'm not afraid, Key, to run up against anything in my Willys-Knight, but I'm scared when I think of No. one and two running against each other with me there. Things that started in a mash are going to end in a smash.

I guess trying to run with two women is like trying to run with an auto that is out of fix.

Can't you send someone, Key, to me that is good at fixing up things?

Yours everlastingly,
Rich Schmidt.
P. S.—Will write again next week.

Harp Ensemble Is Second Number of Lyceum Course

The DeMarco Harp Ensemble will offer the second program of the Dixie Lyceum course at the high school auditorium Thanksgiving night. The Ensemble is composed of six noted musicians, and has been highly praised while on the lyceum course.

The program given by these artists is pronounced one of the best of the entire lyceum course. Miss Bena DeMarco, well-known concert harpist, has personally coached the artists which will appear in the program here.

This is the second of five programs that will be given at the school by the Dixie Lyceum Course of Dallas during the winter. Lowell

Futton and his artists appeared here about two weeks ago, and won much favorable comment from the music-loving public of Vernon.

Season tickets for the entire course are being sold at \$2 to adults and \$1 to children. Seats may be reserved for the Thanksgiving performance at the City News Stand.

PRESIDENT'S FATHER'S CONDITION IS IMPROVED

Plymouth, Vt., Nov. 20—(AP)—Cheered by an exchange of messages with his son, the President, Colonel John C. Coolidge faced the sixth day of his illness with better spirit than at any time since he was stricken.

Although so fatigued that he suffered several slight heart attacks while listening by radio last night to the address of the President in New York City, the colonel retired in a cheerful frame of mind after dispatching a message of congratulations.

Cast Is Selected For Initial Play of Little Theater

A cast has been chosen for the initial play to be given by the Little Theater of Vernon. It is planned to stage the first play in December. The first play will be Booth Tarkington's "Seventeen."

The membership drive will be launched immediately following the first program.

Members state that much interest is being shown in the movement by those taking part in the play.

Government May Resign.

Berlin, Nov. 20—Chancellor Luther told the party leaders today that the government will resign after the Locarno pact signing ceremony in London on December 1, and that a new cabinet will be forced in sympathy with the Locarno policies and obligations.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water.—That's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package containing full directions, only 35 cents. At any drug store.

TOM MIX HERE SATURDAY IN THE DEADWOOD COACH

Tom Mix always good in western pictures is coming Saturday in "The Deadwood Coach," based on the Clarence E. Mulford novel, "The Orphan" and an epic of the early west. The deadwood coach was the first bulletproof coach ever made and was first drawn by six horses and protected by eight armed men. The first coach was put into service May 1849, between Independence, Mo., and Santa Fe, New Mexico. Buffalo Bill used the coach as an attraction in his show and while in England four European kings rode in it during a scene where wild Indians held it up.

Buffalo Bill had many a hearty laugh telling about how scared royalty was at that time. The original locations were used as back grounds in the filming of the play, so it is historically correct. Tom Mix takes the part of the sheriff of Deadwood, South Dakota.

"Robbed Hair," an entertaining and exciting photoplay produced by Warner Bros., opened Thursday at the Pictorial and continues through Friday. This picture is the popular novel by Lewis Milestone and directed by Alan Crosland. The brilliant cast is headed by Marie Prevost, Kenneth Harlan and Louise Fazenda and includes John Roche, Emily Fitzroy, Francis J. McDonald, Pat Hartigan, Tom Ricketts, Walter Long, Reed Howes, Otto Hoffman, Kate Tonray, and "Pal," the dog.

The story is a rollicking tale of adventure and romance, with Westchester County and Long Island as its locale. It is decidedly worth while.

"THE KNOCKOUT" IS STAGED AT THE VERNON THEATRE

Film fans who remember Milton Sills' great fight in "The Spoilers" will see him battling again and in the same boots and corduroy suit when First National presents "The Knockout" at the Vernon Theatre Friday and Saturday.

They will see the outfit in a fight which Sills declares is even greater than his fight in "The Spoilers." It is one of the most stirring scenes in the picture and shows Sills and a giant lumber camp boss battling in the middle of a turbulent river on floating logs which are rushing down stream with the spring freshet.

Nature unexpectedly aided the filmmakers in this thrilling scene for two trees towering seventy-five feet high fell into the river during the fight, narrowly missing Sills and his opponent.

"I guess this suit carries a charm with it," said Sills. "In it I made my greatest fight in pictures. I laid it away and have kept it since. Now I feel that a fight greater than that of 'The Spoilers' has been made, and it was done in this suit. I think I'll keep it for all time."

Sheriff Is Recovering.

Sheriff W. Frank Edmonson is improving after a severe attack of influenza, attending physicians stated Friday morning.

To Crown Queen Beautiful Here Friday Evening

Following a most elaborate ceremony, Princess Mahel of the House of Huddleston will be crowned Queen Beautiful of the Kingdom of Vernon High School at the Vernon Theatre at 9 o'clock Friday evening. The queen will be accompanied by King Winifred of the House of Crouch, and will be crowned by Prime Minister W. T. Lofland.

The following court will take part in the ceremonies: Duchess Nina Ruth of the House of Terrell, Duke Chester of the House of Luttrell, Duchess Virginia of the House of Sewell, Duke Albert of the House of Newth, Duchess Lucile of the House of Mitholland, Duke Olin of the House of Naylor. About forty ladies in waiting will take part in the ceremonies.

MISS SWARTWOOD ENTERTAINS TWO BRIDGE CLUBS

Miss Esther Swartwood, of 2505 Texas street, entertained the Thursday and Friday Bridge Clubs, Thursday afternoon.

Mrs. Daniel Bond won high score for the Thursday Club, Mrs. Dee Norwood won high for the Friday Club, and Mrs. Frank Byrd won high guest prize. The prize for low guest score went to Mrs. S. S. Manger.

Six tables of guests enjoyed the games. The place cards were decorated with miniature Thanksgiving turkeys and autumn leaves. A delicious plate lunch was served. Guests present, other than club members, were: Mrs. Joe Flaig, of Lubbock; Mrs. Mike Caraway of Shawnee; Mrs. S. S. Manger of Los Angeles; Miss Katherine Hagler of Fort Worth, and Mrs. Clint Swartwood, Mrs. Frank Byrd and Mrs. Fred Thompson.

Lions Support Memorial Park Movement Here

Mrs. Leon H. Brown and Mrs. A. S. Ross were on program today at the Lions Club luncheon. Mrs. Brown entertained with a reading, "The Newly Weds," and responded to encourage. Mrs. Ross spoke briefly about the part of Allingham Park which is to be dedicated as a Memorial Park to the men who fell in action from this county. The Lions pledged their hearty support to the movement.

The Rev. J. M. Perry, new member, was introduced and made a short talk, abounding with witticisms in which he promised to carry on in the work of the Lions plan to do in the city.

A vote of thanks was extended to the management of the Liberty Cafe for the splendid menus at the luncheons. The meetings are held in the Bailey Hotel.

HIGH SCHOOL BOYS SHOOT THEMSELVES AT CINCINNATI

Cincinnati, Nov. 20.—(AP)—William Strauss and James Albert Rosenberg, 17-year-old Cincinnati high school boys, drove to a quiet spot in Clermont County late yesterday and shot themselves through the head, after signing a death pact, in which it was declared "life is not worth the effort to live." Strauss died almost instantly.

Rosenberg was taken to a Cincinnati hospital where it was said he had a chance to recover.

A lengthy pre-arranged agreement to commit suicide, bearing the signatures of both boys, was found in the pocket of Strauss' coat. At the bottom of the paper was written "signing off."

Relatives were unable to account for the young men's desire to end their lives, as both were declared to be cheerful and of sound mind. Rosenberg is the son of a department store proprietor and Strauss' father is president of a local mortgage company.

"NEW SHO" IS NAME OF NEW VERNON THEATRE

Miss Elizabeth Baird was awarded the \$5,000 in gold offered for the best name for the new moving picture theatre to be opened on North Main street. "New Sho" was the name. Miss Baird suggested. Over 300 names were suggested.

The building for the theatre is practically ready for occupancy, but the opening will be delayed a few days because seats have not yet arrived. Manager V. R. Beauchamp says.

OLD CLOTHING DRIVE TUESDAY

LIONS CLUB WILL COLLECT
CLOTHES FOR WELFARE
ASSOCIATION.

"We hope Vernon citizens will respond generously in the 'Old Clothes Drive' next Tuesday," Leon Brown, president of the Lions' Club, stated today in announcing the drive sponsored by the Lions Tuesday.

"Every article of clothing collected will be turned over to the Welfare Association to care for the needy of the community," he continued. "The Welfare Association plays a larger role in our community than most citizens realize; by their intelligent supervision over supplies and funds contributed for the purpose and their careful investigation into all calls for help. It saves our business men the time and trouble they cannot afford to devote to the investigation of the numerous calls for help, relieving them of an unnecessary contribution or refusal to contribute. Contributions of every nature to the association are good investments, as well as the means of doing much good and caring for local needs."

"Bundles of clothes should be placed on front porches of homes by 8 p. m. Tuesday. The Boy Scouts, under the direction of G. L. Taylor, chairman of the Lions' Club committee for the drive, will call in cars and collect the bundles immediately after school hours Tuesday. Every kind of serviceable wearing apparel is needed. Men's suits, coats, old trousers and odd coats, vests, overalls, shirts and boy's clothing of all kinds, and dresses for babies, girls and women are desired. Shoes and underclothes for children and adults are needed. In consideration of those to later receive the articles of clothing, as well as to those of the welfare association who will handle and classify them, no article which is not clean and serviceable should be placed in bundles."

"We feel sure that a large amount of serviceable clothing and material will be contributed Tuesday, all of which will care for our local needs and exemplify the truth—'Charity begins at home.'"

Disapproves Proposal.
Washington, Nov. 20—(AP)—Acting Secretary MacNider has disapproved a proposal advanced by Frederick R. Gibbs of New York for erection in Arlington National Cemetery of a memorial to the Southern Women of the Civil War. He considered the site inappropriate for such a memorial, he said, and thought "it would create an undesirable precedent."

Laundry Installs New Front.
The front of the Empo Laundry has been torn away and a new one is being constructed. The new front will be similar to a modern store front.

OFFICIAL BUSINESS IS SIDE TRACKED TO SAVE LIFE OF OFFICIAL'S WIFE

Manila, Nov. 20—(AP)—Official business was side-tracked by Governor General Wood to save the life of the wife of an American official, it became known when the governor-general's yacht Apo arrived here bringing Mrs. G. Perkins.

The executive was on his way to the southern island of an inspection trip. When about 100 miles south of Cullion, the Apo picked up a radio message that Mrs. Perkins, wife of the chief chemist of the Cullion leper colony, was desperately ill, and that her life could be saved only by her removal to Manila for treatment.

Governor General Wood immediately ordered the Apo turned about. Mrs. Perkins was taken aboard at Cullion, and today rested in a Manila hospital while the Apo again was en route southward.

TICKLE BABIES AND HAVE HEALTHY CHILDREN

London, Nov. 20—(AP)—If you would have strong, healthy children, tickle them when they are babies and make them laugh. This is the advice of Sir Harry E. Bruce-Potter, a specialist in children's diseases. The advice was given before the members of the National Society of Day Nurseries. The eminent physician claimed that most of the cherished traditions of the nursery not only are fallacious, but prejudicial to youngsters.

"It is a good thing to tickle babies," said Sir Harry. "It makes them laugh, and thus they expand their lungs, and breathe fresh air. Sir Harry contended that it was wrong in families where there are babies to cease all noise when they are asleep. It was much better, he believed, that the child should be prepared for the rough and tumble of later life through being allowed to sleep with noise going on everywhere."

PARENT-TEACHERS' ASSOCIATION OF SHIVE SCHOOL MEETS

Members of the Parent-Teachers' Association of Shive school enjoyed a splendid program by Miss Annie Bardsmith at the regular meeting of the association.

The ladies of the association are planning a market for the Saunders Store, beginning at 1 o'clock Saturday afternoon, and another beginning at 1 o'clock next Wednesday.

C. L. Lane, of Palestine, who has been here for an operation and has been convalescing at the home of his son, L. Lane, will return to his home Saturday.

Mrs. Byrd To Entertain.
Mrs. Frank C. Byrd, of Wilbarger street, is hosting Saturday afternoon to the Saturday and Tuesday Bridge Clubs.

Bake Sale Saturday.
The primary department of the Baptist Sunday school will conduct a bake sale at the Piggly-Wiggly Store, Saturday.

TEXAS BRIEFS (By Associated Press)

Nocona—Mrs. W. J. Crain, 55, and her sons, Roscoe, 19, and Bernice Truf Weatherford, were killed near here late yesterday when their automobile was struck by a passenger train. Another son, John, 5, was seriously hurt and another, Royal, 16, slightly injured. Crain, who was driving the car, was uninjured. The family had been picking cotton.

Dallas—One holdup man was captured and four shots fired at another last night by J. C. Graham, pharmacy proprietor which he followed his delivery boy suspecting that a call for 50c worth of drugs and change for a \$20 bill was a trap. The second man was later arrested by police at an address given by the first. Graham followed the boy and found two men, one armed with a pistol, waiting. When the boy was ordered to turn over the money Graham went into action with a pistol.

San Antonio—Arrest of two negroes, one of whom was shot, is believed by officers to have cleared up the mystery surrounding recent robberies and attack on women on freeways as county highways. One of the men is said to have made a statement. Deputy Sheriff Sam Jones last night used a woman as a decoy to lure the negroes to his automobile on a lonely road. Months of patient waiting by the deputy was rewarded when the two attempted to hold up his car. In the resulting shooting one negro suffered a shattered arm and both were arrested.

San Antonio—Before a jury of her own selection, Susanne Crawford, pretty University co-ed, faced the severest ordeal of her life today when the state began presentation of testimony by which it hopes to convict her of the slaying of her twice-divorced husband, Charles M. Crawford. He died September 16 from the effects of a bullet received while automobile riding with his divorced wife.

San Angelo—Professor W. R. Moore, 75, for 51 years a school teacher, 43 years of that time in San Angelo, died at 2 o'clock Friday morning at the home of his brother-in-law, J. W. Parr, in Woodbury. Hill County. Professor Moore was graduated from Davidson College, Davidson, N. C., in 1874, the year the late Woodrow Wilson enrolled as a freshman at the age of 18.

CHILDHOOD MEMORIES

By The Record Staff Poet

We sit very straight this morning
Folded arms and quiet feet,
While teacher takes the names and ages
Going 'round from seat to seat.
Then the recess, next the noon,
Which gives respite from our studies,
Never comes a bit too soon.

Oh, the good times and the frolic
That were crowded in that hour
To describe their joys and pleasures,
No one ever had the power.
From the stream back of the school-house
To the great rock in the field,
Who could describe the wonders
Of their many charms reveal?

Four o'clock, we're homeward bound,
We can see the house and lane,
And there is old Snyder waiting,
Glad to welcome us again.
The boys now change their school clothes,
To help with evening chores,
And sounds of song and laughter,
Float in through open doors.

It is none too soon to begin planning a program for Vernon and Wilbarger County for 1926. Only a little more than thirty days will elapse between now and the ushering in of the New Year. Some serious thinking and planning must be done if a worth while program is to be worked out which offers much hope of success.

There are many things that can and should be done to further the interests of Vernon and Wilbarger County during the next twelve months, but as The Record views the situation there are two or three matters which are of such paramount importance that certainly every forward-looking citizen could lend them his support.

The Record has been an advocate of good roads ever since it began publication. Back in the old days when automobiles were still the playthings of the rich, The Record advocated road improvement in order that the farmer could get his products to market at the lowest possible cost and in all kinds of weather. A little later The Record took the lead in advocating the paving of roads. Many good friends, who have since come to the same view, laughed goodnaturedly at the suggestion for actually paving country roads!

Therefore, in suggesting items for the 1926 program, The Record would, as it often has in the past, place good roads at the very top of the list. The need of additional roads cannot be disputed. Every progressive community must have them. We need a paved road leading southwest to the Ford County line, another through the oil fields, south of the city, a third to the Hardeman County line and a fourth that will penetrate the important north side territory. This is the very minimum which we ought to strive for next year in the matter of road improvement.

Another item The Record would suggest is more street paving. Vernon is already one of the well-paved small cities of Texas, but we need at least twenty blocks of new paving in order that some of the pavements that end abruptly in rough dirt streets may be connected up. The loose ends of some of our splendidly paved streets need to be tied together.

Vernon needs many other improvements, an auditorium, an inexhaustible water supply, more homes, some industries and scores of other things. But a program too comprehensive gets nowhere. We need to go after two or three very definite and very necessary things that are possible and get those things done. Very often the mistake is made of trying to do a great many things at once. The men who really accomplish worth while things are those who work on one job at a time. The same is true of a community, and The Record hopes that the citizenship can be united upon two or three important enterprises, like roads, streets and a water supply and stay everlastingly on the job until they are realities. A year which would bring forth the completion of our county paved road system, an extension of our street paving and the securing of a water supply adequate beyond all doubt would be the most fruitful year in our history.

AN INCONCLUSIVE VERDICT.

The jury in the Colorado case recently, where an aged physician was on trial for murder for taking the life of his 34-year-old daughter, helpless from infancy, evoked widespread interest. His defense was that he

took the life of his child-woman daughter out of pity and as an act of mercy. She was helpless, unable to speak and apparently without even the intellect of an infant.

Much evidence was submitted and lawyers made extended arguments, but the jury failed to arrive at a verdict and the prosecution very promptly dismissed the charges. This case presented many perplexing questions. One was, whether it is ever justifiable to take human life. Evidence introduced showed that the father had never manifested any but the tenderest feeling for his afflicted offspring. He devoted most of his life, after her birth, to her care and was always solicitous for her comfort. There was no motive, so far as could be discovered, other than the one he freely admitted, that he knew his own life was nearing an end and he feared that if he preceded his helpless daughter in death that she might not have the tender care of which he had always given her.

His sole defense was that he took her life, painlessly, out of pity and love and as an act of mercy. Here was a knotty problem for the jury to solve. Did he commit homicide under the definition of the law? Was he justified in mercifully taking a

life, which, measured by the accepted standards, was no life at all, because there was no apparent mentality?

The jury declined to answer either of these questions. It is well enough that it did not. No precedent has been established. Divinity alone could correctly answer such heart-searching questions as were presented to the jury which tried Dr. Blazer.

I have a line of goods in the new block store at Condon Springs; the same as has been sold to the leading citizens of this country for the past forty years by me. Come in and see them. James Condon. 11-1925

Only 42 Football Teams In League Running Saturday

Austin, Texas, Nov. 20—(AP)—Less than 30 of the more than 300 high school teams that started the race for the Texas University Inter-scholastic League football championship will be left in the running when Friday's games have been played, Roy Henderson, athletic director, said. With but few exceptions, sectional champions in both class A and B conferences already have been determined.

Mr. Henderson said that by the end of next week at the latest the outstanding teams, 24 in all, would be ready for the final lap. The 16 sectional championship teams of

class B will then be reduced to eight, the same number of sectional champions in class A. The eight bi-sectional class B champions and the eight class A champions will be matched according to location, the eventual winner being forced to win four games from either bi-sectional champions of class B or class A sectional champs.

No effort will be made to match the eight last surviving class B combinations against the last eight class A teams, Mr. Henderson said.

An analysis of the situation now existing in class A follows. In section 1, the championship rests between Wichita Falls and Amarillo; Coach Chapman's Cisco Lobos have won the section 2 championship for the second year in succession; the championship in section 3 rests among Fort Worth North Side, Fort Worth Central and Cleburne, with North Side and Central scheduled to play this week, and the winner likely to play Cleburne Thanksgiving day; Coach Paul Tyson's Waco Tigers

have won the championship in section 4, Sherman, Dallas Forest avenue, Dallas North Side and Greenville are all yet in the running for the title in section 5, elimination being slowed down by the charge of ineligibility brought against Ralph Welch, Sherman high star; Athens and Marshall are left in the running for section 6 championship and will play Monday or Thursday of next week; Beaumont high is the king of section 7, and Coach Bobby Cannon's San Antonio Breckenridge high is the class of section 8.

There is little to choose among the last surviving teams in class A. Coach McCallum has a strong Wichita Falls Coyote eleven; the powerful Cisco Lobos have served notice they will not be denied this year; Coach Abe Curtis has a capable team at Fort Worth Central; Waco sport fellows say that Paul Tyson, the coach who has the most enviable record of any high school mentor in the state, this season has the strongest machine he has ever fashioned for Waco; Coach Hugh Butler has a great team built around the stalwart Ralph Welch, a team that stands an excellent chance of winning the title, unless Welch is ruled ineligible; Wesley Bradshaw, former Baylor Bear star quarterback, has a strong team at Athens; while Coach Cannon at San Antonio has a hard scrapping team that may prove the sensation of league football before the season ends. In Captain Regester's end, and Friery, splendid back, Breckenridge high of San Antonio has at least two candidates for the all-state eleven.

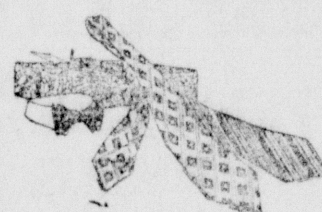

Mr. Henderson is authority for the statement that never before in history of the league has there been as

Record Kicker

Here's John Cavosie, captain of the Ironwood (Mich.) high school eleven, who stepped into the limelight by dropping a 55-yard field goal recently. He's called the greatest gridder turned out in that section since the days of the late George Gipp. Notre Dame's All-America celebrity, Cavosie averages around 70 yards as a punter and also stars in baseball and basketball.

much interest as is now being evinced in football. "The various schools are making each other live up to the letter of the rule," he said. "While this occasions some bitterness at the time a star player is ruled ineligible, there is no question but that it is for the good of the organization. In time, no school will think of attempting to evade the regulations."

This One-Profit • • Unit-Built Studebaker

offers you 3 major advantages in Quality,
Price and Protected Investment

THE average man on the street today knows that through more efficient manufacture, standardization of parts, etc., all makers offer him more for his money than ever before.

All makers claim greater things for their product — and can prove them. All makers test their case on more economical manufacturing due to quantity production under modern efficiency methods. All cars are fair value but there is a best value.

Few motor car "manufacturers" have foundries, forges, etc., to make their own engines—yet one-fourth of the cost of an automobile is in the engine. Even fewer build their own bodies—yet one-third of the cost of a car is in the body.

Only two makers have adequate facilities for making all bodies, engines, clutches, gear sets, springs, differentials, steering gears, axles, gray iron castings and drop forgings; Ford in the low-price field and Studebaker in the fine-car field.

One-Profit Value

Because of its unique manufacturing facilities, Studebaker eliminates profits which all other quality car manufacturers must pay to outside parts or body makers. Savings effected in this way run to hundreds of dollars on some models. Thus Studebaker is

able to use finest steels, finest woods, finest engineering and superlative workmanship in its cars; then to add costly extras . . . and still charge no more than competing cars.

Unit-Built Construction

One-Profit facilities result, too, in Unit-Built construction. In cars designed and built as units. The hundreds of parts used in a Studebaker car are Studebaker. They function together as a unit, resulting in longer life, greater riding comfort and higher resale value for you. Scores of thousands of miles of excess transportation thus are built into Studebaker cars. Records of more than one hundred thousand miles are not uncommon.

And "No-Yearly-Models"

As a natural outgrowth of those two factors, a third great advantage to the buyer is attained . . . "No-Yearly-Models." Because all phases of manufacture are directly under Studebaker control, Studebaker cars are constantly kept up-to-date. Improvements are continually made—not saved up for spectacular annual announcements which make cars artificially obsolete. Resale values are thus stabilized. As an example of the value One-Profit manufacture makes possible, see the Studebaker Standard Six Sedan.

Studebaker's Lowest Priced Sedan—but all quality

THE fine Studebaker Standard Six Sedan illustrated below is a real four-door sedan. It is upholstered in genuine wool cloth. Carpets are wool. Windows are real plate glass.

The equipment includes an 8-day clock, gasoline gauge, ash receiver, rear-vision mirror, stop light, dome light, safety lighting control on steering wheel, automatic windshield cleaner, coincidental lock to steering gear and ignition controlled by same key operating door and spare-tire locks, and full-size balloon tires. All instruments are grouped under glass on a silver-faced dial set in a beautiful walnut finished panel.

But the most important superiorities of this Sedan are concealed within the framework of the body and in the chassis.

Body pillars, for instance, are of northern white ash, cross-members of hard maple. We pay a premium for steels of extra toughness.

Run the engine—the most powerful in any car of its size and weight, according to the rating of the N. A. C. C. and the Society of Automotive Engineers. The motor is not built for excessive speed, but rather for smooth, trouble-free service at 5 to 55 miles an hour. It is built for a long, quiet life—not for spectacular stunts.

We will gladly demonstrate this car and finance its purchase on Studebaker's fair and liberal Budget Payment Plan.

MOVIE WRECKED BY EXPLOSION

SINN FEINERS STIRRED BY DISPLAY OF BRITISH FILMS IN IRELAND.

Dublin, Nov. 20—(AP)—A bomb today wrecked a motion picture theatre which had been showing a film of the Battle of Ypres. Two policemen were shot, one seriously, when raiders threw the bomb.

The explosion shattered stores next to the theater and plate glass windows further away. It was heard all over the city.

The raiders who were armed, dashed up to the theater in an automobile and after hurriedly throwing the bomb had a pistol battle with the police as they were leaving.

Sinn Feiners have been stirred recently by the display of British films in Ireland.

The day before Armistice Day seven armed men raided a movie in Dublin and stole a film of the Battle of Ypres. They compelled the manager to return the money to the spectators.

The same day at Kindstown masked men stole a film of the Prince of Wales.

On Armistice Day, there were many arrests in Dublin as the result of street fighting.

A more serious phase of the recent renewal of Sinn Fein activities are indicated by documents found at Dublin on Sean Russell, an agitator, committed for trial under the treason act. These documents indicated that there was a secret organization to carry out reprisals in case the Free State should execute any republicans.

MEXICAN BORDER TOWN RESIDENTS FREQUENTLY VIOLATE IMMIGRATION LAW

Washington, Nov. 20—(AP)—Residents of towns on the Mexican border have found themselves in a peculiar position, since merely walking across some streets constitutes a violation of the federal immigration law.

Small settlements on the border that have for years considered themselves a unit, although parts of them extended on both sides of the international line, are bewildered over the strict enforcement of the law that prevents a resident on one section from crossing the street to trade at a store or call on a friend.

Until recently immigration officials have not enforced the law, but now they are enforcing the law to the letter, and a Mexican to cross the line, is required in some instances to go more than a hundred miles to get a passport.

Senator Cameron, republican, Arizona, has discussed the situation with immigration authorities here and will leave for the border Sunday to see if something cannot be done about the situation.

A CREED

The word "overhaul" has a very specific meaning in our business. Applied to a used car, we define it as follows: "To replace or repair every part necessary to put the car in good running order." And that is not simply a definition. It is a creed.

Charming New Frocks FOR HOLIDAY WEAR

OF SATIN, crepe, or velvet, these Frocks share a fondness for the flared skirt, achieved by clever godets or inverted pleats. They present youthful lines that are both becoming and ultra smart. Colorful bits of embroidery or painted motifs lend a Parisian touch while metal tissues are strikingly used as trimming.
